

NSGA

International Conference on Network Science and Graph Analytics

CALL FOR ABSTRACT – Network Science Conference

About Awards: Researchw takes the privilege to awarding the Industries, Academicians, Researchers, Scientist, and Regulators from Science, Health and Medical fields across the globe to its International Events. The Network Science International Research Awards is an annual gathering. This Event is a unique international platform that's a meeting of all Researchers. We look forward to personally welcoming all the award winners.

Objectives: The Network Science International Events is awarding high quality Researchers in different subfields. The purpose of award ceremonies and assemblies is to celebrate researcher achievements and motivate them to continue on their path. The Good researchers are more motivated to succeed in their research field. People want to be respected and valued by others for their contribution. Offer the opportunity to be updated on the latest research outputs on several topics. Organize specific workshops around the most attractive and current issues. Gather worldwide experts as Event speakers.

Key Features and Excellent Venue | Inspiring Speakers | Certificate | Medal | Memento | Stage Photograph | Awardees listed on website.

Award Categories: Young Scientist Award | Best Researcher Award | Outstanding Scientist Award | Lifetime achievement Award | Women Researcher Award | Best Faculty Award | Best Scholar Award | Excellence in Innovation | Excellence in Research | Best Innovation Award | Best Extension Activity Award | Best Keynote Speaker | Best Committee Member | Best Paper Award | Most Cited Paper Award | Graph Analytics Pioneer Award | Network Science Visionary Award | Network Science Trailblazer Award | Graph Analytics Mastermind Award | Graph Analytics Achievement Award | Network Innovator Excellence Award | Graph Analytics Visionary Award | Graph Analytics Breakthrough Award | Innovation Excellence Award | Outstanding Research Achievement Award | Industry Impact Award | Leadership in Business Applications Award | Collaborative Achievement Award | Emerging Talent Award | Strategic Implementation Award | Pioneering Contribution Award | Graph Analytics in Business Award | Academic Achievement Award | Industry Leadership Award | Business Impact Award | Research Advancement Award | Excellence in Academic Research Award | Corporate Innovator Award | Innovative Researcher Award | Network Science Industry Trailblazer Award | Academic Pinnacle Award | Graph Analytics Industry Impact Award | Business Leadership in Network Science Award | Research Trailblazer Award | Innovation Catalyst Award | Network Analytics Academic Achievement Award | Industry Pioneer Award | Business Innovation Award | Graph Analytics Research Excellence Award | Academic Leadership Award | Industry Trailblazer Award | Network Science Excellence Award | Graph Analytics Achievement Recognition | Graph Analytics Impact Award | Network Science Innovator Award | Top Researcher Award

Topics of Award Subjects include, but are not limited to: Introduction to Network Science and Graph Theory | Graph Data Structures and Algorithms | Network Properties and Measures | Random Graph Models and Network Generative Models | Small World Networks and Scale-Free Networks | Centrality Measures and Network Flow Analysis | Community Detection and Graph Partitioning | Link Prediction and Recommender Systems | Diffusion and Information Cascades in Networks | Network Resilience and Robustness | Network Visualization and Interactive Analytics | Applications of Network Science and Graph Analytics in Social, Biological, and Technological Networks | Large-scale Networks Social Networks | Biological Networks | Technological Networks | Network Security
